This beautiful coin features "Filipa De Lencastre" - she was an English Princess "Philippa of Lancaster" born in 1360, the daughter of John of Gaunt, the first Duke of Lancaster. She married King John I of Portugal. and became Queen. She died in Lisbon in 1415. At the time Portugal and England had an alliance against the French.

It had a low mintage (exact number not confirmed).

It has a diameter 37 mm, weighs 28.28 grams, was struck in .925 silver and contains the equivalent of 0.8410 troy ounces of pure silver. It is a proof with frosted relief.
